

# UPGRADING GEORGE ST.

## UPCOMING WORKS ON HARRIS STREET COMMENCING MONDAY 8 SEPTEMBER 2025

UPDATED 11 SEPTEMBER 2025

File Number: qA10041  
Enquiries To: Project Team - George Street Upgrade  
Telephone: 83664555

11 September 2025

Dear Resident, Business Owner,

This letter is to update you on the stormwater drainage works being undertaken in Harris Street, Norwood, as part of the George Street Upgrade Project that have been rescheduled as a result of inclement weather.

### Harris Street Stormwater Drainage Works

**Date: Monday 8 September – Tuesday 23 September (weather permitting)**

**Time: Monday to Friday, 7:00am to 5:00pm**

The George Street Upgrade project includes stormwater drainage improvements to George Street and Harris Street which were identified in the Council's Long Term Stormwater Drainage Program.

The stormwater drainage works generally involve the excavation of deep trenches to install large stormwater pipes and drainage pits, which is then backfilled and reinstated with asphalt.

The works on Harris Street will occur between Austral Place and George Street and undertaken in three discrete stages, commencing on Monday 8 September and are expected to be completed by Tuesday 23 September 2025 (weather permitting).

Each stage of stormwater drainage works will require full occupation of the road to enable construction, meaning traffic restrictions on Harris Street will be in place throughout these works. Please refer to the plans attached and further details below.

Stage	Location (on Harris Street)	Plan	Start Date	Completion Date	Timing
Zone 1A	Austral Place to Carpark Exit/Entrance	A	8 September	12 September	Daywork
Zone 1B	Harris Street Carpark Exit/Entrance	B	15 September	15 September	Daywork
Zone 1C	Carpark Entry/Exit to George Street	C	16 September	23 September	Daywork

**Zone 1A: Austral Place to the Carpark Entrance/Exit**

- Harris Street from George Street converted to two-way to maintain access to the car park and businesses.
- Harris Street from Edward Street to Austral Place converted to two-way to maintain access for residents.
- Temporary on-street parking restrictions (to enable two-way access).
- Southern footpath closed on Harris Street (northern footpath to remain open)

**Zone 2A: Carpark Entrance/Exit**

- No access to the car park on Harris Street.
- Harris Street from George Street to be temporarily closed.
- Harris Street from Edward Street to Austral Place converted to two-way to maintain access for residents.
- Temporary on-street parking restrictions (to enable two-way access).
- Southern footpath closed on Harris Street (northern footpath to remain open).

**Stage 3A: Carpark Entrance/Exit to George Street**

- No access to the car park on Harris Street from George Street (Harris Street occupied).
- Harris Street from Edward Street to the car park entry/exit converted to two-way to maintain access for residents and car park users.
- Temporary on-street parking restrictions (to enable two-way access).
- Southern footpath closed on Harris Street (northern footpath to remain open).

Traffic management with clear signage and detouring will be implemented around the construction zones.

The City of Norwood Payneham & St Peters has worked closely with the appointed contractor to minimise impacts to the community. Noise levels will vary over the course of the works and some noise disturbance can be expected at times while these works are being undertaken.

Arrangements have been made with East Waste for rubbish bin and recycling collections during the works. Please refer to the plans and place your bins at the collection points on your collection day.

If you have any questions regarding this letter or the upcoming works, please contact our Citizen Services team on 8366 4555 or email the project team at [georgestreetupgrade@npsp.sa.gov.au](mailto:georgestreetupgrade@npsp.sa.gov.au)

The project team is available to meet with you and discuss the project and traffic restrictions. Should you wish to schedule a meeting, please do not hesitate to email or call us using the contact details provided above.
